CHAPTER 10

DESPICABLE

@Jue 王宝

Making those from all backgrounds, ages, and nationalities...
She's in her room, you can go in and find her!

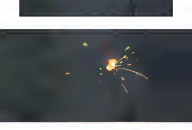
Be careful while setting off fireworks in the yard...
Don't stand too close...

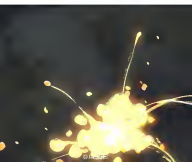
Mei Wei?

Why are you sleeping? Hurry! Everyone is waiting for you downstairs...

I'm not going...
What's wrong? Not feeling well?
Your hands are so cold!
Kiss Qi.

I think I love someone.





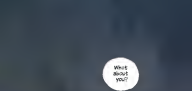
Bang!!
Bang!!

Quick!
Quick!

手术中
OPERATING

Hi!
I'm really looking forward to seeing you there!
I'm getting ready!

What did he say?



I.....

I.....

Ding Yi!

Why are you just here sighing by yourself?
Xiao Qu..
Did the operation go well for the kid that was sent here last night..?

It went all right. We were not able to save the right eye..
What happened to your eye?

Nothing, just changing up my style..

.....

Xiao Qu, did it happen again..?
All right! That's enough about me..
If you aren't wearing that long face, I'll be sure, then...

Then it must be because you had a fight with your little girlfriend!
That's.....
Of course!

Why did you fight? Could it be because she thinks you don't have enough stamina?
Quick, quick, quick, tell me!

.....

Then you have to promise first that you won't be reluctant...
Definitely won't, I promise!

Hahaha!
Could there be more drama?

Can you stop laughing? I'm really bothered by that!

Hey.....
I'm just envious of you. I guess you can say you'll have someone to rely on when you're old, when you're sick!

You should have run into the crowd and hold her, then shouted, "I love you Dad!"
Wouldn't that have been a happy ending...?
But...

I don't want to lie...

.....

Then you should have used the opportunity to break up.....

That's not what I mean.
These moments are a short time, the novelty has probably worn off...

Then what do you want?
Why are you hugging on so tightly? Are not letting go?

Because...

Because....

She's very warm.

She can stop me from making back...

But who she is isn't actually important to you, right...?

Selfish Dr. Wei.

No...

Don't misunderstand.

I'm not saying what you're doing is wrong.

I actually think this selfish feelings are the most honest. It's just...

Don't you have the wrong person?

For this kind of game, you should find someone who is a formidable opponent.

Wanting a child to understand you...

Blame your thoughts, cause you to be happy...

That's low.

I think you've known all along what you're doing...

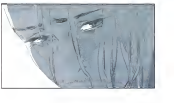
Before you really hurt someone, stop.

I really don't want to die.

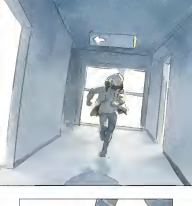
You become her from the past.

!!

Stop!
Don't come here and preach to me...
You are the last person who has the right to say this stuff to me!
You tell me I'm a hypocrite...
But tell me is there any grain of authenticity in you?
!!
I just want to know, when you look at yourself in the mirror every day...
Wei Wei... don't say it...
Don't you feel ashamed?!!
Enough!!
Wei Wei!
Give it back to me! Give it back to me!!
Stop it!
Quick, stop it!
Give me back my son's eye!
Give it back to me!
Wei Wei!
Wei Wei!!



Xiao Ou, you didn't say anything wrong



I m just a despicable coward
